# A NOTE

## From our Board Chair

Dear Friends,

I have the opportunity to care for my 11-month-old granddaughter Evelyn Ruby on the days my daughter is at dental school. Although watching a 11-month-old can pose challenges for someone with an engineering background, the blessing of spending time with her while helping my daughter is profound. I often wonder who is benefiting more, them or me?

The conclusion I came to is when we help someone else to have a better life, our lives are better. As a supporter of Clarity, you too are enriching the lives of countless others and hopefully reaping rich rewards.

On behalf of the Board of Directors, thank you for your support in empowering others to make confident and sound decisions today, and realize greater possibilities for tomorrow. Together we are making a difference.

With Gratitude,

**Todd Burbrink**, 2017-2018 Board Chair

# REALIZING POSSIBILITIES

Illuminating a Pathway Through Education, Intervention, and Restoration

Truth, facts and medically accurate data are presented in *I Decide for Me* to 6th grade, junior high and high school students empowering them to find their way through the fog of relationships and live lives of sexual integrity.

Our friendly client advocates help women and men facing pregnancy matters realize the hopeful possibilities for their future. Through pregnancy tests, limited obstetrical ultrasounds, education on all pregnancy options, community referrals and material assistance, we provide compassionate support so clients can make informed decisions in determining their next steps.

Bringing parents and their upper elementary and middle school aged children together, *My Best for You* lays a foundation of truth for our sexuality. In fun, interactive and age appropriate ways, families are equipped to guard their hearts, minds and bodies with honest, healthy bible-based knowledge.

In addition to excellent medical care, our medical professionals provide a listening ear and positive guidance to those in need of STI testing and treatment. Patients are made aware of the possibilities available to them and helped to find a path that doesn't lead back to the testing clinic.

Using biblical truth and principles, *Transformed* opens the lines of communication between parents and teens, and equips parents to talk clearly about the topic of sexual integrity with their children.

Our compassionate facilitators meet men and women experiencing grief over their past abortion and the pain and shame of sexual abuse. Support groups help facilitate the healing process. *Hearts Restored* points participants toward grace and peace found in a relationship with God.

## A LIFE CHANGED

A female came in for STI testing because she had unprotected sex with a new partner. She made a few comments that indicated she was feeling ashamed about her behavior and didn't want us to think badly of her. After the exam, we shared with her there was evidence of a vaginal infection. Upon returning with her test results, she appeared to have been crying and shared that she had been praying for the results to be negative. We were happy to report that the initial results only indicated a non-sexually transmitted infection. **We were then able to talk about repentance of our wrong choices and God's forgiveness.** She accepted prayer and expressed appreciation for our help.

# RESTORATION

Encouraging Men and Women to Find Healing and Freedom for Tomorrow

## hearts restored

In October 2017, Clarity's Restoration department expanded to include not one study, but two – *Hearts Restored: Healing After Abortion* and *Overcoming Sexual Abuse*. As shown by the numbers below, there has been a large response to the *Overcoming Sexual Abuse* study. Through both of these studies, men and women are able to find a sense of peace, empowerment and freedom.

*Hearts Restored: Healing After Abortion* and *Overcoming Sexual Abuse* are offered in a small group or one-on-one setting in confidential locations. These groups are a safe place to not only connect with others who share similar stories, but to also be heard and validated.

### A FUTURE IMPACTED

When Faith\* heard about the new support group for sexual abuse survivors, she knew it was time to address over 40 years of feeling unworthy and hiding her abuse secrets.

*"I loved the small group experience, because it gave me a support network. It was a place to be vulnerable and ask questions. It was helpful to speak about what happened in my part and not feel judged."*

*Most of my life I have felt despair, despite being a believer. I now have hope and no longer carry shame. This group stripped away years of feeling unworthy. I never understood that I was an innocent victim. I always felt responsible. Since walking through this healing journey, I continually chose to forgive all six of my abusers. **I now believe I am worthy of experiencing God's goodness.**"*

# THANK YOU

*"I don't know who you are and you don't know who I am but thank you immensely for donating so I could get tested. It's really really hard to find a place like this with people like you who can help me. Apparently if I left this untreated it could have caused life-threatening issues for me so **thank you once again for saving my life.** Words cannot express my level of gratitude for people like you and I will make sure to pay it forward! Thank you!"*

*"I would like to thank you all here at Clarity. You all have now supported me in a pregnancy and just been so kind. **I truly thank you.**"*

*"We have participated in My Best for You three times (with our kids). Each time **I am reminded what a miracle life is and how amazing our God is.**"*

*"I'd like to thank you personally for your donation. It has helped me get the service and treatment needed to stop the spread of infection. **You're helping make the world a safer place.**"*

*"Thank you for this class. **It will help to foster deep and ongoing communication (between my child and I).** We really appreciate your time to be here teaching us."*
